Letter No C.S. 1673/46-47 dated 9.6.1947 from the Revenue Commissioner forwards six copies of formation of two Sub Committees for working up details of Channel alignment, soil survey, crop planning, and anti-malarial measures etc.,

In G.O. No P.W. 2581-88/Irn 13-46-2 dated 7-11-1946 administrative sanction has been accorded to the Lakkavalli Reservoir Scheme costing Rs 890.0 lakhs and Govt have also appointed a Committee with R.C. as Chairman, to go into the question of Channel alignment, soil survey, crop planning, anti-malarial measures etc., and to forward a report early.

2. At the meeting of the Committee held on 21.2.1947, it was resolved that two Sub Committees, each with the respective officers of the different departments be formed, as it was considered that the main Committee by itself would not be able to go into the question of Channel alignment, soil survey etc.

1 Asst Comm
1 Asst Engr
1 Asst Dir g Agri
1 Asst Dir g P.H.

3. In pursuance of the above resolution the R.C. requests sanction to the formation of two Sub Committees with the officers

and establishment as noted in the proposal, for a period of one year. The cost involved is Rs 1,20,019/- as per details noted below:—

	Rs
Rev. dept	19,884
P.W. dept	45,000
Agricultural dept	27,252
Public Health dept	27,883
	Rs 1,20,019

4. In the proposal statement 20% local allowance has been provided for the officers and staff of all the depts except the Revenue dept.

5. The Sup'g Engr, Lakkavalli Project is to be appointed as Convenor of both the Sub Committees. One Sub Committee will deal with problems in Sringeri and Kadur Taluks while the other will deal with problems in Chikkaldanga taluk alone. As the proposals have been formulated by the Committee consisting of the concerned departmental heads, it may not be necessary to consult them again individually in regard to the establishments proposed. The cost is to be debited to the Lakkavalli project estimate.

6. The proposals of the R.C. require

OFFICE OF THE MINISTER FOR AGRICULTURE AND PUBLIC WORKS
- 9 MAY 1947 -
No. 8646

W. The Committee have resolved to — appoint two Sub-committees each consisting of an Asst. Commr. An Asst. Engineer, an Asst. Director of Agriculture and a Health officer. While the C.E. and the Director of Agriculture have proposed the appointment of two Asst. Engineers and two Asst. Directors of Agriculture presumably one for each Sub-committee, the R.C. and the D.P.H. have proposed the appointment of only one Asst. Commr. and one Health officer. It is intended that these officers will serve on both the Committees.

Re The Revenue Commissioner and the D. P. H also have proposed two offices of each department, suitably to the provisions made in Public works and Agriculture department.

In the proposal statements of revenue department and P. H. Public Health department, the cost is worked out per unit and when the cost is worked out for two units. While the proposals of Public Works and agricultural department are worked out for both the units once for all. Hence as noted in the revenue Commissioner & the Each Committee will have as noted in the margin

1 Asst Commissioner
1 Asst Engineer
1 Asst Director of Agriculture
1 Health officer

one officer of each department with the clerical and other charges as noted in the Statements.

Hence there are two assistant Commissioners and two Health officers one for each Committee as noted and the cost is based on those proposals. Hence the strength and and other charges as proposed may be approved.

If for perusal with reference to the foregoing observations above.

G. O. No. P. W. 2581-88—Irn. 13-46-2, dated 18th October—7th November 1946.

Lakkavalli Reservoir Scheme.

Accords administrative sanction to the —— costing Rs. 890 lakhs.

READ—

Letter No. (D. O.) No. C. 23, dated 25th July 1946, from the Chief Engineer for Irrigation, submitting proposals for taking up the works connected with the construction of a Reservoir across the Bhadra at Lakkavalli in Kadur District.

ORDER THEREON NO. P. W. 2581-88—IRN. 13-46-2, DATED THE 18TH OCTOBER—7TH NOVEMBER 1946.

The Chief Engineer has reported that the Lakkavalli Reservoir Project has been prepared in considerable detail both in respect of the Dam and the Channel including the tunnel and that the cost of the Scheme according to the current schedule is expected to come to Rs. 889·0 lakhs. He has also been getting a scheme prepared, in consultation with the Chief Electrical Engineer, for the generation of continuous electric power to the extent of 17,000 H.P., there being possibilities of utilising such power in view of the proximity of the Mysore Iron and Steel Works at Bhadravathi. For making preliminary arrangements for starting the works on the Dam, the Chief Engineer considers that a separate Superior Officer of the status of a Superintending Engineer with the necessary establishment is very necessary so that he may bestow undivided attention to the works and that when the actual works on the Dam and tunnel are started he may be vested with such powers as to make a complete unit in respect of execution and administration of this work of magnitude. He has also added that proposals for the establishment required for starting the works can be formulated only after the different aspects are gone into in detail and settled with the Special Officer proposed for the work. The Chief Engineer has therefore requested:—(1) administrative approval to the Lakkavalli Reservoir scheme, costing Rs. 890·0 lakhs; (2) sanction to the appointment of a Superintending Engineer with the establishment as shown in the annexure, immediately to carry out the preliminary works at site and take up all other works such as the preparation of the Rules of Regulations, etc., in pursuance of the Agreement with the Governments of Madras and Hyderabad; and (3) to entrust the Tunga Anicut work to the control of the Superintending Engineer, Lakkavalli Reservoir Works.

2. After careful consideration, Government are pleased to accord administrative sanction (1) to the Lakkavalli Reservoir Scheme costing Rs. 890·0 lakhs and (2) to the appointment of a Superintending Engineer with the establishment shown in the accompanying statement.

3. The proposal to place the Tunga Anicut Division under the control of the Superintending Engineer, Lakkavalli Reservoir Scheme, is also approved.

4. The enquiry contemplated in Chapter VI of the Irrigation Act to determine the contribution and water rate to be recovered from the raiyats may be conducted by the Deputy Commissioners of Kadur, Shimoga and Chitaldrug Districts and the report submitted with all promptitude.

No. P. W. 2581-88—IRN. 13-46-2, DATED 18TH OCTOBER—7TH NOVEMBER 1946.

5. Government are also pleased to appoint a Committee consisting of the marginally noted officers to go into the question of channel alignment, soil survey, crop planning, anti-malarial measures and such other aspects and furnish a report very early.

1. The Revenue Commissioner (Chairman).
2. The Chief Engineer for Irrigation.

SECRETARY TO GOVERNMENT Date 10/4 P.W.D. P. W., ELECTL. & M'YS

HPS 10/4/47

Subject:- Lakkavalli Reservoir Scheme Formation of Sub-Committee and the - - selection of the personnel for working up details of Channel alignment, Soil Survey, Crop Planning, Anti Malarial ures, etc.

I have the honour to state that as the main Committee appointed in Para 4 of Government Order No. P.W.2581-58/Irn.13-46-2 dated 18th October 1946/ 7th November 1946 would not, by itself, be able to go into the question of channel alignment, soil -- Survey, crop planning, anti-malarial measures and such other aspects in all its details, it was - - - resolved at the first meeting of the Committee held on 21-2-1947 that two Sub-Committees consisting of the marginally noted Officers of the different - - Departments specially selected in view of their past experience in connection with -- such works might be appointed for the purpose. It was agreed that one Sub-Committee should deal with the problems of the Shimoga and Kadur Districts - - while the other with those of Chitaldrug District alone, with the Superintending Engineer. Lakkavalli

1 Assistant Commissioner
1 Assistant Engineer
1 Assistant Director of Agriculture.
1 Health Officer

7/4

RJ 7/4.

Lakkavalli Reservoir Project, appointed as Convenor of both the Sub Committees in view of the fact that he being the principal Officer in charge of the - - whole Scheme would be in a position to supply - - - information regarding the essential details of the Project required in formulating proposals. An extract from the Proceedings of the Committee is enclosed.

2. The proposals furnished by the Heads of Departments regarding the details of the subordinate Staff, allotment of Funds, etc., were considered at the meeting held on 18-3-1947 when it was resolved that a recommendation be made to Government for - - according sanction to the proposals costing - - - - Rs.1,25,019/- for one year according to details noted in the margin.*

	Rs.
Revenue Department	19,884
Public Works Department	50,000 - 45000
Agricultural Department	27,252
Public Health Department	27,883
Total	1,25,019

1,20,119

3. Full details of the Establishment required to work under each Officer have been furnished in the enclosed statements and also in the copies of letters received from the Chief Engineer for Irrigation. Director of Agriculture and the Director of -- Public Health.

4. I request that sanction or Government may kindly be obtained to the proposals made and also the posting of the Officers so that the work - - - entrusted to the Committee may be taken on hand -- very early.

5. An extract from the Proceedings of the Committee held on 18-3-1947 is sent herewith for reference.

I have the honour to be,
Sir,
Your most obedient servant

S. Nanjundayya

Revenue Commissioner.

PROCEEDINGS OF THE MEETING OF THE BHADRA RESERVOIR COMMITTEE HELD IN THE REVENUE COMMISSIONER'S OFFICE FRIDAY THE 21ST FEBRUARY 1947 AT 3-30 P.M.

FORMATION OF SUB-COMMITTEE:

As the main Committee would not by itself be able to go into the question of channel alignment, soil survey crop planning, anti-malarial measures and such other - - aspects in all its details, it was resolved, after some discussion, that two Sub Committees consisting of the - - marginally noted officers of the different Departments specially selected in view of their past - - experience in connection with such works and appointed for the purpose. One for the Shimoga a Kadur Districts and the other for the Chitaldrug Distr may be constituted for preparing detailed working plan and submitting the same to the Main Committee for - - examination before the submission of the final report Government. It was also agreed that the Superintendi Engineer, who is the principal officer in charge of th Lakkavalli Project should act as Convenor of both the Sub Committees as he would be in a position to supply any information regarding the several essential details of the project required in formulating proposals and also to distribute the work between the two Sub Committees - - after a close examination of the works that will have to be covered.

1. Assistant Commissioner
2. Assistant Engineer
3. Assistant Director of Agriculture
4. Assistant Director of Public Health

The Officers agreed to furnish very early to the Chairman, their proposals regarding the details of the

P.T.O.

the staff, allotment for travelling allowance, camp equipage, contingencies and other charges required to enable orders of Government being obtained - - - thereon.

For Revenue Commissioner.

PROCEEDINGS OF THE MEETING OF THE BHADRA RESERVOIR COMMITTEE HELD IN THE TRAVELLERS' BUNGALOW AT TARIKERE ON TUESDAY THE 18TH MARCH 1947 AT 3-30 P.M.

x x

The consideration of proposals regarding the Officers to be appointed to serve on the two Sub Committees, the Establishments to work under - - them and the allotment of Funds for Contingencies and other charges were then taken up.

Taking that these two Sub Committees would have to work for at least one year, the total expenditure as proposed by the Heads of Departments would come to Rs.1,25,019/- as noted - - hereunder:-

	Rs.
1. Revenue Department'- Two Assistant Commissioners and their Establishment.	19,884
2. Public Works Department - Two Assistant Engineers and their Establishment.	50,0
3. Agricultural Department - Two Assistant Directors of Agriculture and their Establishment.	27,252
4. Public Health Department - Two Health Officers and their - - Establishment.	27,883
Total	1,25,019

After examining the several items of expenditure provided by each Department it was resolved that a recommendation might be made to Government for according sanction to these proposals, the cost being charged to the Project Estimate.

for REVENUE COMMISSIONER.

YBR.12.

D.O. letter No. 371 dated 24-2-1947 from the Chief Engineer for Irrigation, Bangalore, to the Revenue Commissioner in Mysore, Bangalore.

Re: Lakkavalli Reservoir Committee.

As decided during the meeting held on 21-2-1947 of the above Committee, I am enclosing herewith a proposition statement showing the [illegible] the Engineering Establishment of the two Sub-Committees proposed to be set up for conducting detailed surveys of channel alignment, soil surveys, crop planning, etc. The details of provisions made in the proposition statement and the work proposed to be covered by the Sub Committees are explained in the accompanying report.

It is expected that the work will take at least a year, since the total commanded area of the reservoir is nearly 4,00,000 of acres of which 1,80,000 acres have been proposed for irrigation. The Sub Committees will have to concentrate their work in the first instance in the area commanded by the Reservoir channels beyond Sulekere Tank, which forms the major portion of the total ayacut.

Bhadra Reservoir at Lakkavalli.

Report to accompany the proposition statement of Engineering Establishment required for conducting detailed surveys of channel alignment, soil survey, crop planning, etc.

During the first meeting held on 21-2-1947 of the Committee, appointed by Government in their order No. P.W. 2581-88/Irn.13-46-2 dated 18/10/7-11-46 to go into the question of channel alignment, soil survey, crop planning, cultivational measures and

P. T.O

and such other aspects, it was considered necessary to form immediately two sub committees comprising of the marginally noted officers with the required staff for preparing detail working plans of the entire area commanded by the Bhadra Reservoir to enable the Committee to examine the various aspects of the Scheme and to submit their report to Government. It was also decided that the Superintending Engineer Lakkavalli Reservoir Circle, will be the Convener of the two sub committees.

Personnel of each Sub-Committee.

1 Assistant Engineer
1 Assistant Commissioner
1 Assistant Director of Agriculture.
1 Assistant Director of Health

The total area proposed for irrigation under the reservoir is 1,80,000 acres, of which the major portion viz., 1,19,000 acres lie beyond the Sulekere tank in Chennagiri Taluk. It is therefore proposed to take up detail surveys in this area first so that it will enable the committee to evolve a suitable crop planning for the dry parts of Shimoga and Chitaldrug Districts. The two sub committees now proposed will attend to the detail survey of the lands commanded by the two channels beyond Sulekere tank, viz., Davangere and Malebennur branches. The distribution of work between the two sub committees will be made by the convener of the sub committees after a close examination of the works that will have to be covered.

The enclosed proposition statement gives the staff proposed for the Engineering portion of the personnel of the sub committees. Four subordinates for executive works, one Assistant Draftsman and one clerk for office work and one Mojindar for the

Revenue Survey Work have been provided for each sub committee. Necessary lumpsum provision have been made for the travelling allowance of staff, survey charges, temporary establishment, camp equipage, purchase of surveying and mathematical instruments. XXX A lumpsum provision of Rs. 2,688/- is made - - - towards contingencies and other charges such as maintenance cost of jeeps and trucks that will have to be supplied from the Department, for the use of Survey Staff. The total cost of the Engineering portion of the two sub committees assuming a period of one year will be Rs. 50,000/-.

(Sd) M. Narasimhaiy

Chief Engineer for Irrig.

Letter No. H.C.Gl.16753 dated 24th March 1947 from the Director of Agriculture in Mysore, Bangalore, to -- the Xx Chairman, Bhadra Reservoir (near Lakkavalli) - - Committee, New Public Offices, Bangalore.

P.W. 2081/Irn.13-46-2/18-10, dated 7-4-1946.

With reference to the above Government Order and date constituting a committee to go into the question of channel alignment, soil survey, crop planning, cultivational measures and such other aspects and in consonance with the decision xxxx arrived at its two meetings held on 21-2-1947 and 18-3-1947, respectively, I have the honour to -- forward herewith an estimate of cost involved for the two soil survey centres to be opened XXXXXX by my department. Provision is made only for one year to begin with. On the draft budget I put up tentatively for the consideration of the committee at the Tarikere meeting on 18th instant I have mad slight alteration in the pay of the personnel in the light of the persons I have now in view for posting for this special work.

Regarding the work of soil survey and crop planning pertaining to my department I propose to take up the work in stages.

1) Information regarding soil classification and other particulars available in the Office of the Survey and Land Records, will be collected for each achkat village. A brief record of the details will be noted in a separate field register for each village.

2. With the help of the above, the Field Officers will conduct a traverse survey and make field notes pertaining to individual survey numbers of a village regarding:-

a) soil types met with
b) climate, rainfall and distribution
c) crops generally grown and different class of soils.
d) special features.

II Stage: When a Hobli Survey is completed, a soil map will be drawn up showing the different kinds of soils, their disposition, slopes, soils fit and unfit for cultivation, etc., and at a later stage a map will be prepared for the entire acreage of the District.

III Stage: When the above detailed soil map and climatological map is prepared, detailed soil survey will be taken up for growing sugarcane. Soil - - borings will have to be taken - one at least for 15 acres and the sample so taken subjected both for -- mechanical and chemical analysis.

b) suitable lands for sugarcane on the basis of the results of analysis will be demarkated and suitable blocks marked on the plan.

c) other crops both cereal and commercial crops will be zonalised according to nature of soil and indicated on the map.

Letter No. B.M.1892/40-7 dated 10th March 1947 from the Director of Public Health in Mysore, Bangalore, to the Revenue Commissioner in Mysore, Bangalore.

Bhadra Reservoir near Lakkavalli - Committee to examine chann[illegible] etc.

With reference to the resolution passed at the meeting of the above committee held on 21st February 1947, I have the honour to enclose herewith a statement showing the staff proposed for the health survey portion of the work.

The survey work will be done by two units, each consisting of the following personnel:-

1. One Health Officer, 2nd class, on Rs.200-10-300-20-50
2. Two Junior Sanitary Inspectors on Rs.35-2-55
3. One steno-typist on Rs.40-2-50
4. Two peons.

The Health Officer in charge of the survey work of the Unit will be assisted by two junior sanitary Inspectors for larval identification, adult catches, dissections, etc., One steno-typist to look after the clerical work of the Unit and two peons are - - necessary.

Provision is made for the necessary travelling allowance, survey charges, camp equippage, malaria survey equipment and stationery.

The total cost involved for the establishment for each Unit will be Rs.8941 3/5 and Rs.17,683 1/ for both the units. Other charges such as travelling allowance, etc., for both the units will be Rs.8,000/-. The total cost of the Health Survey Work, assuming that it will continue for a year, will be Rs.25,883 1/5 per year.

Government Order No.2581-83/Irn.13-46-2 dated the 18th October - 7th November 1946, according administrative sanction to the project amounting to Rs.800 lakhs for Bhadra Reservoir Scheme and appointing a Committee of Officers to go into the question of Channel alignment, soil survey, crop planning etc.,

2. Letter No.C.5.1673/46-47 dated 5-4-1947, from the Revenue Commissioner, stating that at the meeting of the above committee held on 21-2-1947 it was considered that it would not be possible for the existing Committee to examine the question of Channel alignment etc, that it was, therefore, resolved that two Sub-committees, each with the marginally noted officers of the different departments and with the necessary executive and ministerial establishment be formed and forwarding detailed proposals for the formation of two such sub-committees.

1 Asst. Commissioner, 1 Asst. Engineer, 1 Asst. Director of Agriculture, 1 Health Officer (Asst.Director of Public Health)

ORDER THEREON No.P.W. 2153-9/81-120-46-S

Dated Bangalore 21st August 1947.

The proposal to form two Sub-Committees has already been approved in G.O.No.P.W.7367-72/Irn.13-46-9 dated 21-4-1947.

2. Sanction is accorded to the entertainment of Officers and Staff of the different departments, as shown in the annexure, for a period of one year, the cost being debited to the Bhadra Reservoir project scheme.

3. Sanction is also accorded to the grant of Local allowance of 20% of pay to the Officers and staff attached to the Sub-Committees.

4. The Superintending Engineer, Bhadra (Lakkavalli) Reservoir Project is appointed as convenor of both the Sub-Committees. One Sub-Committee will deal with problems in Shimoga and Kadur Districts while the other will deal with problems in Chitaldrug District.
